ABOUT US

Celebrating over 40 years of excellence, SE Steel Fabrication is a trusted leader in the design, detailing, manufacture, and erection of structural steel. Since 1981, we have earned a reputation for delivering innovative, customised steel solutions that consistently exceed client expectations. Operating from a state of the art 8,000m² facility in Krugersdorp, Johannesburg, we combine world class infrastructure with the expertise of our skilled team. With a strong focus on quality, safety, and innovation, SE Steel Fabrication is recognised as one of South Africa's premier steel fabrication specialists.

WELCOME

Hi there, and welcome to SE Steel Fabrication! We're delighted to share our story and give you a glimpse into how we bring structural steel projects to life across South Africa.

Founded in 1981, SE Steel Fabrication specialises in the design, detailing, manufacture, and erection of structural steel. With over 40 years of experience, we deliver innovative, high-quality solutions tailored to the unique needs of each client, consistently exceeding expectations.

Our work is guided by a commitment to quality, safety, and innovation. We pride ourselves on our skilled, dedicated teams, award-winning projects, and the ability to provide fully customised solutions for projects of all sizes and complexities.

"Building with strength, precision, and trust."

We invite you to explore this profile to learn more about our services, our award-winning projects, and the people who make it all possible.

OUR VISION

To be South Africa's most trusted and respected steel fabrication company, recognised for our unwavering commitment to quality, innovation, and excellence. We aspire to lead the industry by setting new benchmarks in design, manufacturing, and erection of structural steel, while embracing technological advancements and sustainable practices. Our vision is to empower our people, cultivate a culture of continuous learning and innovation, and deliver solutions that not only meet the needs of today but shape the future of the industries and communities we serve. Through every project, we aim to inspire confidence, build lasting partnerships, and leave a legacy of precision, strength, and reliability.

OUR MISSION

At SE Steel Fabrication, our mission is to provide innovative, high-quality structural steel solutions that consistently exceed client expectations. We are dedicated to delivering projects with precision, reliability, and professionalism, ensuring safety and quality at every stage of design, manufacture, and erection. We strive to empower our team through continuous training and skills development, embrace technological advancements to improve efficiency, and foster a culture of innovation and excellence. Our goal is to be a trusted partner across industries, contributing to the growth and advancement of South Africa's steel fabrication sector while building long-term relationships grounded in integrity and performance.

OUR SERVICES

AWARD-WINNING STRUCTURAL STEEL FABRICATION

SE Steel Fabrication specialises in the design, detailing, manufacture, and erection of structural steel. Founded in 1981, we have built a solid reputation for delivering customised steelwork solutions that meet industry standards and consistently exceed client expectations.

Our services cover the full spectrum of steelwork fabrication and can be commissioned as a complete package or as individual services, providing fully customisable solutions to meet specific project requirements.

DESIGN

At SE Steel Fabrication, our design process combines industry expertise with advanced technology to create innovative, practical and cost effective solutions. We focus on understanding each client's vision and project requirements, ensuring designs that optimise material use, enhance safety and streamline fabrication and erection, delivering results that are both technically sound and visually striking.

SUPPLY

SE Steel Fabrication provides a wide range of steel construction products, from raw materials to fully fabricated components. We deliver turnkey solutions tailored to project requirements across industries including architectural, industrial, commercial, retail, automotive, warehousing and public sector. With a focus on quality materials, reliable service and efficient logistics, we ensure every project runs smoothly from concept to completion.

DETAILING

Accurate detailing is essential to prevent costly delays and rework. Our dedicated team ensures all structural steel is precisely detailed to meet industry standards and project specifications. Using advanced software and proven methods, we produce clear, comprehensive drawings that guide fabrication and erection, minimising errors, saving time, and controlling costs.

MANUFACTURE

At SE Steel Fabrication, our factory manufactures structural steel components with precision and consistency. Through skilled craftsmanship, advanced machinery and efficient workflow management, we ensure every product meets the highest standards of quality and durability. With strict checks at every stage, our steelwork is guaranteed to meet specifications and is ready for seamless erection on site.

QUALITY CONTROL

At SE Steel Fabrication, quality is at the core of everything we do. Our dedicated QC team applies strict controls at every stage, from design and detailing to manufacture and erection. Through inspections, testing and continuous monitoring, we ensure each product meets the highest standards of precision, durability and safety. This rigorous approach minimises errors, reduces rework and guarantees reliable, long-lasting results our clients can trust.

ERECTION

At SE Steel Fabrication, we combine expertise, specialised equipment, and careful planning to professionally erect all steel structures. Our teams prioritise safety, efficiency, and precision, ensuring each component is securely installed. By coordinating closely with design and fabrication teams, we streamline workflows, reduce construction time, and deliver reliable, high-quality results for industrial, commercial, and public sector projects.

OUR PROJECTS

WHY CHOOSE US

With more than four decades of proven excellence, SE Steel Fabrication has built its reputation as a trusted leader in structural steel. Our success is driven by a commitment to quality, innovation and client satisfaction, making us the preferred partner for projects across South Africa and beyond.
